EMPOWERING LEARNING WITH REVEL
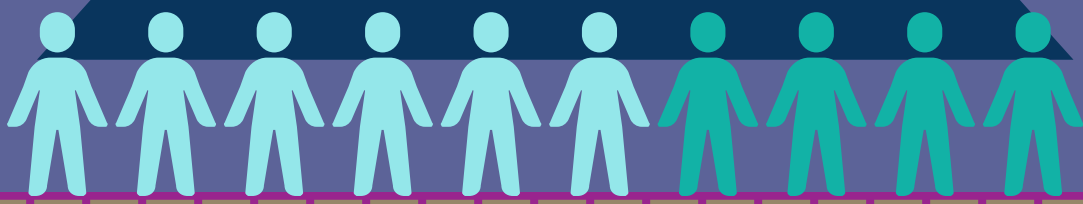

A REVEL COURSE SATISFACTION SURVEY
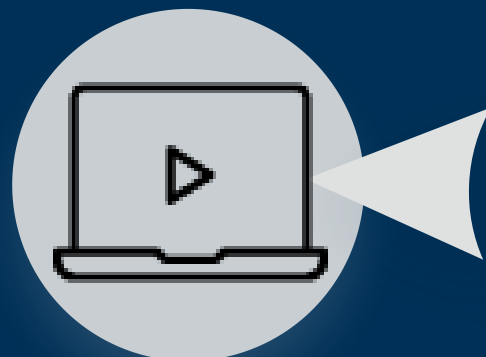

79%
OF STUDENTS

Agreed that Revel helps them get better grades

With the Revel App, students are able to access their courses on their phones allowing them to study anytime, anywhere

95% of students agree that Revel is easy to use. Students are able to find everything they need quickly.

93% of students agree Revel's videos help them understand topics better than just reading the textbook.

86% of students agree Revel's feedback tells them what to study next. With Revel, students can pinpoint their strengths and weaknesses.

What are students saying?

"I feel like [Revel] is more effective and efficient in helping someone understand what's going to be talked about and therefore prepares them for when they go to class."

"It's a great layout. I like the questions within the passages because it helps me confirm the knowledge I already have."

79%
of students agree that using Revel makes their course more enjoyable
