

GAP FINDER | GAP FILLER

MyLab for Economics, Accounting, Finance, & Operations Management

Gap Finder assesses student readiness on prerequisite math & graphing skills in Business courses to identify at-risk students. Gap Finder identifies where students are struggling so educators can provide them with the help they need at the start of the term.

ASSESS STUDENT READINESS

A diagnostic assessment that uncovers learning gaps on prerequisite knowledge in key areas.

ONE DIAGNOSTIC ASSESSMENT

To identify, then address the knowledge each student needs at the start of the semester.

CLOSE LEARNING GAPS

Assignable Gap Filler provides personalized learning for the needed skills identified by the diagnostic assessment.
