

Revel is Pearson's unique digital learning platform that improves student results by empowering active participation in learning. Through an engaging blend of author content, media, and assessment, it enables students to read and practice in one continuous experience. For over a decade we have advanced our digital platform, based on sound research with instructors and students all over the world. No matter your biggest area of focus with your students Revel has you covered. Here are some success stories from a few Revel instructors. "I have seen my students move up a full letter grade since using Revel."

"Revel does help students prepare for class. It gives them a foundation so they can ask questions if they are lacking understanding."

"I monitor student progress in Revel, and it's really easy to do in the platform. It helps me go back and give them individual feedback."

"I have seen an increase in student engagement and confidence since utilizing Revel for my course."

To put it simply, Revel improves learning outcomes. Visit us at 'Revel outcomes' to see various case studies and highlights for a wide variety of disciplines.
