Summary	30
Review questions	31
Problem questions	32
References	33

Chapter 2 Debt securities and markets 35

2.1 Australian debt securities and markets	36
2.1.1 Types of debt securities	36
2.1.2 Types of markets	36
2.1.3 Types of participants	37
2.2 Desirable characteristics of debt securities	37
2.2.1 Characteristics	37
2.2.2 Types of risk	37

2.2.3 Term to maturity	38
2.3 Government debt securities	38
2.3.1 Short-term securities	38
Finance in Focus: Pricing Treasury Notes	39
2.3.2 Long-term securities	40
Finance in Focus: Pricing Treasury Bonds	41
2.4 Credit ratings and debt securities	44
2.4.1 Credit ratings	44
2.4.2 Credit rating criteria	45
Finance in Focus: Credit rating criteria—Australia's Aaa rating	45
2.4.3 Credit ratings—who benefits?	46
2.5 Non-government debt securities	47
2.5.1 Short-term securities	47
Finance in Focus: Calculating bank-accepted bills	48
2.5.2 Corporate bonds	48
2.5.3 Interest rate securities	49
Finance in Focus: Subordinated debt securities with hybrid features	50
2.6 Securitisation in Australia	50
2.6.1 Introduction	50
2.6.2 Securitisation structures	52
Finance in Focus: Towards a more transparent securitisation market	54
2.6.3 Why securitise?	55
2.7 Growth and size of the Australian debt securities market	56
Summary	58
Review questions	60
Problem questions	61
References	61

Chapter 3 Introducing financial calculations 63

3.1 Some basics	64
3.1.1 Nominal and effective interest rates	64
3.1.2 The time value of money	65
3.2 Discount securities	66
3.2.1 Introduction	66
3.2.2 Price value of a basis point	68
3.2.3 Holding period yield	68
3.3 Pricing bonds	69
3.3.1 Zero-coupon bonds	69
3.3.2 Annuities	70
3.3.3 Coupon bonds	71
3.3.4 Yield to maturity	72

3.3.5 Price value of a basis point 72

3.4 Mortgages 73

3.4.1 Mortgage payments 73

3.4.2 Prepayment 74

Summary 76

Review questions 77

Problem questions 77

Chapter 4 Deposit-taking institutions 79

4.1 The business of banking—what banks do 80

4.1.1 Some basics 80

4.1.2 Equity and deposits 80

4.1.3 Cash and liquid assets 81

4.1.4 Lending 82

4.1.5 Asset–liability management 82

4.1.6 Interest rate margins 83

Finance in Focus: A levy on big banks 84

4.1.7 Off-balance-sheet activities 84

4.1.8 Bank strategies 85

4.2 Australian banks 86

4.2.1 The major banks 86

4.2.2 Regional and state banks—and other 86

4.3 Banking regulation 87

4.3.1 Capital adequacy 87

4.3.2 Measurement of capital 88

4.3.3 Prudential capital requirements 88

4.3.4 Additional disclosure measures 89

4.3.5 Credit risk capital 90

4.3.6 Operational risk capital 90

Finance in Focus: Operational risk losses at Société Générale 91

4.3.7 Market risk capital 91

4.3.8 Value at risk 91

Finance in Focus: Westpac Banking Corporation: risk disclosures 92

4.4 Building societies and credit unions 93

4.4.1 The institutions 93

4.4.2 Building societies 93

4.4.3 Credit unions 93

4.4.4 Are they banks? 93

Summary 94

Review questions 95

Problem questions 96

Reference 96

Chapter 5 The payments system 97

5.1 Payment system access 98

5.1.1 Points of access (POA) 98

5.2 Cash payments 99

5.2.1 ATMs 99

5.2.2 The ATM market 100

5.3 Non-cash payments 101

5.3.1 EFTPOS 102

5.3.2 Debit cards 102

5.3.3 Credit cards 102

5.3.4 Hybrid cards 102

5.3.5 Direct entry payments 103

5.3.6 Cheques 103

5.3.7 Surcharges, interchange fees and competition 103

Finance in Focus: Excessive surcharges—a case for reform in the airline industry 104

5.4 Credit cards 105

5.4.1 The use of credit cards in Australia 106

5.4.2 Consumers: benefits and disadvantages 108

Finance in Focus: Reward cards—who gets the reward? 109

5.5 Payment clearing and settlement 111

5.5.1 Payments clearing 111

5.5.2 Settlements 112

Finance in Focus: Low-value retail payments transition to same-day and real-time settlement 113

5.6 Electronic (digital) payments 114

5.6.1 Payment technologies 114

Finance in Focus: Bitcoin—payment method or ‘speculative mania’? 116

5.6.2 Payment initiatives 116

Summary 117

Review questions 118

Problem questions 119

Case study 1 119

Case study 2 119

References 119

Chapter 6 Funds management and financial planning 121

6.1 Funds management and operations 122

6.1.1 Funds types and asset classes 122

Finance in Focus: Capital guaranteed funds 125

6.1.2 Margin trading and short-selling 125

Finance in Focus: Hedge funds 127

6.1.3 Index funds and exchange-traded funds (ETFs) 127

6.2 Fund performances 129

6.2.1 The advantages and disadvantages of managed funds 129

6.2.2 Fund performance measure 130

Finance in Focus: Liquidity of managed and superannuation funds 131

6.3 Wealth creation 134

6.3.1 Wealth management 134

6.3.2	Superannuation	136
	<i>Finance in Focus: Types of superannuation funds</i>	137
6.3.3	Taxation benefit	138
6.3.4	Performance of SMSFs and APRA-regulated funds	139
6.4	Financial planning	140
6.4.1	Financial planning industry	141
6.4.2	Financial planning for SMSFs and individuals	142
6.4.3	Financial planners (advisers)	144

Chapter 7 Monetary policy, the cash rate and the yield curve 150

7.1	The Reserve Bank of Australia	151
7.1.1	Major central banks of various countries	151
7.1.2	Objectives of the RBA	151
7.1.3	Implementation of monetary policy	153
7.2	The cash market	154
7.2.1	Standing facilities	154
7.2.2	Open-market operations	155
7.2.3	Changes in the cash rate target	157
	<i>Finance in Focus: Monetary policy in practice</i>	157
7.3	The yield curve	158
7.3.1	Liquidity or risk premium theory	159
7.3.2	Segmented market theory	159
7.3.3	Expectations theory	160
7.3.4	The cash rate, expectations and the yield curve	161
7.3.5	The yield curve and international interest rates	161
7.4	Monetary aggregates	162
7.4.1	Monetary aggregates	162
7.4.2	Quantity theory of money	162
7.4.3	Money multiplier	164
7.5	Monetary and interest rate targets	165
7.5.1	Monetary growth targeting	165
7.5.2	Interest rate targeting	166
7.6	The foreign exchange regime and monetary policy	166
7.6.1	Fixed exchange rate	167
7.6.2	Floating exchange rate	167
	<i>Finance in Focus: Why does Australia have a floating exchange rate?</i>	169
7.7	Inflation-adjusted returns	170
7.7.1	Nominal rates of return	171
7.7.2	Real rates of return	171
7.7.3	Fisher Effect	172
	<i>Summary</i>	173
	<i>Review questions</i>	175

<i>Problem questions</i>	175

Chapter 8 The foreign exchange market A 178

8.1	Institutional aspects of the foreign exchange market	179
8.1.1	The Australian market	179
8.1.2	What is an exchange rate?	180
8.1.3	Spot and forward exchange rate	181
8.1.4	Foreign exchange contracts and transactions	181
8.1.5	Exchange rate quotes	183
8.2	Exchange rates determination	184
8.2.1	Factors affecting exchange rates	184
8.2.2	Purchasing power parity	185
	<i>Finance in Focus: CommSec iPod index: Australia slips to 14th</i>	186
8.2.3	The trade-weighted index	189
8.2.4	The real exchange rate	191
8.2.5	Interest rates and sentiment	191
8.3	Forward markets	192
8.3.1	Forward trading	192
8.3.2	Forward rates and parity conditions	193
8.3.3	Using forward foreign exchange contracts	195
8.3.4	Offshore borrowing	196
8.3.5	Parity conditions in forward markets	197
	<i>Summary</i>	199
	<i>Review questions</i>	200
	<i>Problem questions</i>	201
	<i>Case study</i>	201
	<i>References</i>	201

Chapter 9 The foreign exchange market B 203

9.1	International monetary system	204
9.1.1	Institutional Framework	204
9.1.2	The Bretton Woods system	204
9.1.3	Exchange rate regimes	205
9.1.4	Regimes in the Australian foreign exchange market	206
9.1.5	Ideal foreign currency regime	207
	<i>Finance in Focus: China's impossible trinity</i>	208
9.2	Role of the central bank	209
9.2.1	The RBA in the foreign exchange market	209
9.2.2	Market intervention	210
9.2.3	How the RBA influences the exchange rate	211
9.2.4	Sterilisation of intervention	213
9.3	Foreign exchange settlement	213
9.3.1	International settlement	213
9.3.2	CLS settlement process	214

Finance in Focus: Counterparty risk in cross-border transactions 215

- 9.4 Managing trading operations in international banking 216
 - 9.4.1 Role of the treasury division in banking 216
 - 9.4.2 The treasury and profits from trading operations 217
 - 9.4.3 The sources of profits from trading operations 218

Finance in Focus: Investors flee UK stock funds on Brexit worries 219

- 9.4.4 Risks in trading operations 220

Finance in Focus: Asian currency crisis 222

Summary 223

Review questions 224

Problem questions 224

References 225

Chapter 10 The sharemarket 226

- 10.1 The sharemarket—an introduction 227
- 10.2 The sharemarket in Australia—structure and participants 228
 - 10.2.1 The Australian Securities Exchange 228
 - 10.2.2 ASX Listing Rules and other regulation of the sharemarket 229

Finance in Focus: Share ownership 230

- 10.3 Calculations for shares 230
- 10.4 Other equity instruments 232
 - 10.4.1 Hybrids 232
 - 10.4.2 Rights 233
 - 10.4.3 Options and warrants 233
 - 10.4.4 Interest-bearing securities 234
- 10.5 Taxation of share investments 234
- 10.6 Risk and return in equity investment 235
 - 10.6.1 The risk–return relationship 235
 - 10.6.2 Principles of diversification 238
 - 10.6.3 Beta and the capital asset pricing model (CAPM) 238
- 10.7 The efficient market hypothesis versus behavioural finance theory 240
 - 10.7.1 The efficient market hypothesis (EMH) 240
 - 10.7.2 Behavioural finance theory 244
 - 10.7.3 Private equity 245

Summary 246

Review questions 247

Problem questions 247

Chapter 11 Derivatives contracts 249

- 11.1 An overview of derivatives 250
 - 11.1.1 The markets and instruments 250
 - 11.1.2 Central clearing of OTC derivatives 251

- 11.2 Forward contracts 253

- 11.2.1 Gold forwards 254

Finance in Focus: Gold trading 254

- 11.3 Forward rate agreements and swaps 256

- 11.3.1 Forward rate agreements 256
- 11.3.2 The management of FRA positions by a bank 258
- 11.3.3 Interest rate swaps 258
- 11.3.4 Comparative advantage 259
- 11.3.5 Yield pick-up 260
- 11.3.6 Basic equations for swaps 261

- 11.4 Futures 261

- 11.4.1 Characteristics of futures 261
- 11.4.2 Futures trading 263
- 11.4.3 The bank-accepted bill (BAB) futures contract 264
- 11.4.4 Using bank bill futures to create longer-term rates 268
- 11.4.5 Share Price Index futures 269

Finance in Focus: The danger of derivatives 271

- 11.4.6 Illustrating the basic relationship 274
- 11.4.7 Use of share price derivatives 275
- 11.5 CDFs and credit derivatives 276
 - 11.5.1 Contracts for difference 276
 - 11.5.2 Credit derivatives 276

Chapter 12 Options 284

- 12.1 Options trading in Australia 285
 - 12.1.1 Exchange-traded options 285
 - 12.1.2 Over-the-counter options 285
- Finance in Focus: Tulip mania, 1636–37 286
- 12.2 Fundamentals of options 287
 - 12.2.1 Put and call options 287
 - 12.2.2 Put–call parity 290
- 12.3 Option pricing 292
 - 12.3.1 Factors affecting option prices 292
 - 12.3.2 American versus European options 296
- 12.4 Option strategies 297
 - 12.4.1 Put hedge 297
 - 12.4.2 Hedging with collars 298

Finance in Focus: Trend followers and portfolio insurance 299

- 12.4.3 Selling call options 300
- 12.4.4 How investors can use options 301
- 12.4.5 Straddles 303
- 12.4.6 Call bull spread 304
- 12.4.7 Butterfly spread 305
- 12.4.8 Ratio spread 306
- 12.4.9 Greek letters 306

- 12.5 Interest rate instruments—caps, floors and collars 308
- 12.5.1 Caps 308
- 12.5.2 Floors 309
- 12.5.3 Collars 310
- Summary 311
- Review questions 312
- Problem questions 312
- References 313

Chapter 13 Globalisation and financial market instability 314

- 13.1 The sources of the GFC 315
- 13.1.1 Globalisation 315
- Finance in Focus: Brexit or no exit 317
- 13.1.2 Sovereign debt 318
- Finance in Focus: Public and external debt 319
- 13.1.3 Leveraged economy 320
- 13.2 Securitisation 323
- Finance in Focus: Collateralised debt obligations (CDOs) 326
- 13.3 Transmission of a crisis 329
- 13.3.1 Dichotomy of wealth 329
- 13.3.2 Transmission of a financial crisis 329
- 13.3.3 Fallout of the sub-prime crisis 330
- Finance in Focus: Events of the sub-prime crisis 331
- Finance in Focus: Short-selling 333
- 13.3.4 Aftermath of the GFC 335
- Summary 337
- Review questions 337
- Problem questions 338
- Case study 338
- References 338

Chapter 14 Managing foreign exchange risk 340

- 14.1 Foreign exchange exposures 341
- Finance in Focus: Billabong hit by currency waves 342
- 14.2 Hedging 345
- 14.3 Foreign exchange hedging instruments 351
- Summary 356
- Review questions 357
- Problem questions 357
- Case study 358
- References 358

Chapter 15 Managing interest rate risk 359

- 15.1 Fixed interest portfolios 360
- 15.1.1 Duration 360
- 15.1.2 A useful approximation 362
- 15.1.3 The duration of coupon bonds 363
- 15.1.4 Modified duration 364
- 15.1.5 Using duration for hedging 364
- 15.1.6 Problems with duration hedges 365
- 15.1.7 Portfolios with capital 366
- 15.1.8 Duration hedging with derivatives 367
- 15.2 Corporate interest rate risk 368
- 15.2.1 Objectives of corporate interest rate risk management 368
- 15.2.2 The debt–equity decision 368
- 15.2.3 Managing the cost of borrowings 370
- Summary 372
- Review questions 372
- Problem questions 372
