

human development

A cultural approach

Arnett • Jensen • Chapin • Brownlow • Machin

2nd Australian and New Zealand edition

Contents

Preface	x	■ Cultural Focus: Pregnancy and prenatal care across cultures	65
Features	xii	Summary: Prenatal development and prenatal care	71
Acknowledgements	xv	Section 3: Pregnancy problems	72
About the authors	xvi	Prenatal problems	72
Educator resources	xviii	Infertility	75
		Summary: Pregnancy problems	79
		Apply your knowledge as a professional	79
		Chapter quiz	79
CHAPTER 1		CHAPTER 3	
A cultural approach to human development	1	Birth and the newborn child	81
Section 1: Human development today and its origins	2	Section 1: Birth and its cultural context	82
A demographic profile of humanity today	2	The birth process	82
■ Cultural Focus: Niger and the Netherlands: an up-close look at the demographic divide	4	Historical and cultural variations	86
Human origins: the rise of a cultural and global species	10	Summary: Birth and its cultural context	96
Summary: Human development today and its origins	16	Section 2: The neonate	97
Section 2: Theories of human development	17	The neonate's health	97
Ancient conceptions	17	Physical functioning of the neonate	102
Scientific conceptions	20	Summary: The neonate	107
Summary: Theories of human development	27	Section 3: Caring for the neonate	108
Section 3: How we study human development	29	Nutrition: is breast best?	108
The scientific method	29	■ Cultural Focus: Breastfeeding practices across cultures	110
Research methods and designs	33	■ Research Focus: Preterm births declined during COVID-19 lockdowns: Why?	113
■ Research Focus: Darwin's diary—a case study	36	Social and emotional aspects of neonatal care	114
Summary: How we study human development	42	Summary: Caring for the neonate	121
Apply your knowledge as a professional	42	Apply your knowledge as a professional	121
Chapter quiz	42	Chapter quiz	121
CHAPTER 2		CHAPTER 4	
Genetics and prenatal development	44	Infancy	124
Section 1: Genetic influences on development	45	Section 1: Physical development	125
Genetic basics	45	Growth and change in infancy	125
Genes and the environment	50	Infant health	135
■ Research Focus: Twin studies: the story of Oskar and Jack	54	Motor and sensory development	139
Genes and individual development	56	Summary: Physical development	143
Summary: Genetic influences on development	60	Section 2: Cognitive development	145
Section 2: Prenatal development and prenatal care	61	Piaget's theory of cognitive development	145
Prenatal development	61	■ Cultural Focus: Object permanence across cultures	148
Prenatal care	64		

Information processing in infancy	150	Language development	239
Assessing infant development	153	Summary: Cognitive development	242
The beginnings of language	155	Section 3: Emotional and social development	243
Summary: Cognitive development	159	Emotional regulation and gender socialisation	243
Section 3: Emotional and social development	160	Early childhood education	249
Temperament	160	Parenting	253
■ Research Focus: Measuring temperament	161	The child's expanding social world	263
Infants' emotions	163	■ Research Focus: Play groups as early childhood interventions	267
The social world of the infant	167	Summary: Emotional and social development	273
Summary: Emotional and social development	170	Apply your knowledge as a professional	274
Apply your knowledge as a professional	171	Chapter quiz	274
Chapter quiz	171		
CHAPTER 5		CHAPTER 7	
Toddlerhood	173	Middle childhood	277
Section 1: Physical development	174	Section 1: Physical development	278
Growth and change in years 2 and 3	174	Growth in middle childhood	278
■ Cultural Focus: Gross motor development across cultures	180	Health issues	282
Socialising physical functions: toilet training and weaning	181	Summary: Physical development	286
Summary: Physical development	183	Section 2: Cognitive development	287
Section 2: Cognitive development	184	Theories of cognitive development	287
Cognitive development theories	184	Language development	298
Language development	188	School in middle childhood	301
■ Cultural Focus: Language development across cultures	194	■ Cultural Focus: School and education in middle childhood across cultures	303
Summary: Cognitive development	196	Summary: Cognitive development	307
Section 3: Emotional and social development	197	Section 3: Emotional and social development	308
Emotional development in toddlerhood	197	Emotional and self-development	308
Attachment theory and research	203	The social and cultural contexts of middle childhood	314
■ Cultural Focus: Stranger anxiety across cultures	205	■ Research Focus: TV or not TV?	326
■ Research Focus: Can a therapeutic intervention change attachment?	207	Summary: Emotional and social development	328
The social world of the toddler	211	Apply your knowledge as a professional	329
Summary: Emotional and social development	218	Chapter quiz	329
Apply your knowledge as a professional	219

 		CHAPTER 8	
CHAPTER 6		Adolescence	331
Early childhood	222	Section 1: Physical development	332
Section 1: Physical development	223	The metamorphosis: biological changes of puberty	332
Growth from age 3 to 6	223	Health issues in adolescence	340
Motor development	230	Summary: Physical development	344
Summary: Physical development	233	Section 2: Cognitive development	345
Section 2: Cognitive development	234	Adolescent cognition	345
Theories of cognitive development	234	Education and work	350
■ Cultural Focus: Theory of mind across cultures	237	Summary: Cognitive development	357
		Section 3: Emotional and social development	358
		Emotional and self-development	358
		Cultural beliefs: morality and religion	363
		The social and cultural contexts of adolescence	367

■ Research Focus: The daily rhythms of adolescents' family lives	368	■ Cultural Focus: Marriage and love relationships across cultures	461
■ Cultural Focus: Adolescent conflict with parents	369	Summary: Emotional and social development	479
Problems and resilience	379	Apply your knowledge as a professional	480
Summary: Emotional and social development	384	Chapter quiz	480
Apply your knowledge as a professional	385		
Chapter quiz	385		
CHAPTER 9		CHAPTER 11	
Emerging adulthood	388	Middle adulthood	482
Section 1: Physical development	389	Section 1: Physical development	483
The emergence of emerging adulthood	389	Physical changes in middle adulthood	483
■ Cultural Focus: The features of emerging adulthood	394	Health and disease	487
Physical changes of emerging adulthood	395	Summary: Physical development	493
Risk behaviour and health issues	398	Section 2: Cognitive development	494
■ Research Focus: Graduated driver licensing	400	Intelligence, expertise and career development	494
Summary: Physical development	405	■ Research Focus: Intelligence in middle adulthood: two research approaches	495
Section 2: Cognitive development	406	Information processing in middle adulthood	501
Education and work	406	Summary: Cognitive development	504
■ Cultural Focus: Tertiary education across cultures	406	Section 3: Emotional and social development	505
Summary: Cognitive development	414	Emotional and self-development	505
Section 3: Emotional and social development	415	The social and cultural contexts of middle adulthood	512
Emotional and self-development	415	■ Cultural Focus: Family relationships in middle adulthood across cultures	516
Cultural beliefs and stereotypes	420	Summary: Emotional and social development	525
Cultural beliefs	422	Apply your knowledge as a professional	526
The social and cultural contexts of emerging adulthood	425	Chapter quiz	526
■ Cultural Focus: Media use in emerging adulthood across cultures	434		
Summary: Emotional and social development	435	CHAPTER 12	
Apply your knowledge as a professional	436	Late adulthood	528
Chapter quiz	436	Section 1: Physical development	529
		Cultural beliefs about late adulthood	530
CHAPTER 10		Physical changes	535
Young adulthood	438	Health in late adulthood	540
Section 1: Physical development	439	■ Cultural Focus: Physical health in First Nations Australians	542
The transition to adulthood	439	Summary: Physical development	546
Physical health	443	Section 2: Cognitive development	548
■ Research Focus: What is 'overweight'? What is 'obesity'?	444	Cognitive changes and decline	548
Summary: Physical development	448	Alternative views of cognitive changes	554
Section 2: Cognitive development	449	Summary: Cognitive development	557
Adult intelligence	449	Section 3: Emotional and social development	559
Cognitive advances in young adulthood	451	Emotional and self-development	559
Summary: Cognitive development	454	The social and cultural contexts of late adulthood	562
Section 3: Emotional and social development	455	■ Research Focus: Do North Americans become more religious with age?	571
Emotional development in young adulthood	455	Summary: Emotional and social development	575
The social and cultural contexts of young adulthood	458
