<b>PART I</b>	<b>INTRODUCTION TO ECONOMICS</b>	<b>32</b>	<b>2.2 Causation and Correlation</b>	<b>57</b>
<b>Chapter 1: The Principles and Practice of Economics</b>	<b>32</b>		The Red Ad Blues	57
<b>1.1 The Scope of Economics</b>	<b>33</b>		Causation Versus Correlation	57
Economic Agents and Economic Resources	33		<b>Choice &amp; Consequence:</b> Spend Now and Pay Later?	60
Definition of Economics	34		Experimental Economics and Natural Experiments	60
Positive Economics and Normative Economics	35		<b>Evidence-Based Economics:</b> What is the return to education?	61
Microeconomics and Macroeconomics	36		<b>2.3 Economic Questions and Answers</b>	<b>62</b>
<b>1.2 Three Principles of Economics</b>	<b>36</b>		Summary	64
<b>1.3 The First Principle of Economics: Optimization</b>	<b>37</b>		Key Terms	64
Trade-offs and Budget Constraints	38		Questions	64
Opportunity Cost	39		Evidence-Based Economics Problems	65
Cost-Benefit Analysis	40		Problems	65
<b>Evidence-Based Economics:</b> Is Facebook free?	41		<b>Appendix: Constructing and Interpreting Charts and Graphs</b>	<b>67</b>
<b>1.4 The Second Principle of Economics: Equilibrium</b>	<b>43</b>		A Study about Incentives	67
The Free-Rider Problem	44		Experimental Design	67
<b>1.5 The Third Principle of Economics: Empiricism</b>	<b>45</b>		Describing Variables	68
<b>1.6 Is Economics Good for You?</b>	<b>45</b>		Cause and Effect	70
Summary	46		Appendix Key Terms	73
Key Terms	47		Appendix Problems	73
Questions	47		<b>Chapter 3: Optimization: Trying to Do the Best You Can</b>	<b>74</b>
Evidence-Based Economics Problems	47		<b>3.1 Optimization: Trying to Choose the Best Feasible Option</b>	<b>75</b>
Problems	48		<b>Choice &amp; Consequence:</b> Do People Actually Choose the Best Feasible Option?	76
<b>Chapter 2: Economic Science: Using Data and Models to Understand the World</b>	<b>50</b>		<b>3.2 Optimization Application: Renting the Optimal Apartment</b>	<b>76</b>
<b>2.1 The Scientific Method</b>	<b>51</b>		Before and After Comparisons	79
Models and Data	52		<b>3.3 Optimization Using Marginal Analysis</b>	<b>80</b>
An Economic Model	53		Marginal Cost	81
<b>Evidence-Based Economics:</b> How much more does a worker with a 4-year college degree earn compared to a worker with a high school degree?	54		<b>Evidence-Based Economics:</b> How does location affect the rental cost of housing?	84
Means and Medians	56		Summary	87
Argument by Anecdote	56		Key Terms	88
			Questions	88
			Evidence-Based Economics Problems	88
			Problems	88

## Chapter 4: Demand, Supply, and Equilibrium **92**

### 4.1 Markets **93**

Competitive Markets 94

### 4.2 How Do Buyers Behave? **95**

Demand Curves 96

Willingness to Pay 96

From Individual Demand Curves to Aggregated Demand Curves 97

Building the Market Demand Curve 98

Shifting the Demand Curve 99

**Evidence-Based Economics:** How much more gasoline would people buy if its price were lower? 101

### 4.3 How Do Sellers Behave? **103**

Supply Curves 103

Willingness to Accept 103

From the Individual Supply Curve to the Market Supply Curve 104

Shifting the Supply Curve 105

### 4.4 Supply and Demand in Equilibrium **107**

Curve Shifting in Competitive Equilibrium 109

**Letting The Data Speak:** Technological Breakthroughs Drive Down the Equilibrium Price of Oil 110

**Letting The Data Speak:** The Day Oil Became Garbage 111

### 4.5 What Would Happen If the Government Tried to Dictate the Price of Gasoline? **112**

**Choice & Consequence** The Unintended Consequences of Fixing Market Prices 114

Summary 115

Key Terms 116

Questions 116

Evidence-Based Economics Problems 117

Problems 117

## PART II FOUNDATIONS OF MICROECONOMICS **120**

## Chapter 5: Consumers and Incentives **120**

### 5.1 The Buyer's Problem **121**

What You Like 121

Prices of Goods and Services 122

How Much Money You Have to Spend 122

**Choice & Consequence** Absolutes Versus Percentages 122

### 5.2 Putting It All Together **124**

Price Changes 126

**Letting the Data Speak:** Does \$6 + \$1

Always = \$7? 127

Income Changes 127

### 5.3 From the Buyer's Problem to the Demand Curve **128**

### 5.4 Consumer Surplus **129**

An Empty Feeling: Loss in Consumer Surplus When Price Increases 130

**Evidence-Based Economics:** Would a smoker quit the habit for \$100 per month? 131

### 5.5 Demand Elasticities **134**

The Price Elasticity of Demand 134

The Cross-Price Elasticity of Demand 139

The Income Elasticity of Demand 140

**Letting the Data Speak:** Should McDonald's Be Interested in Elasticities? 141

Summary 141

Key Terms 142

Questions 142

Evidence-Based Economics Problems 143

Problems 144

## Appendix: Representing Preferences with Indifference Curves: Another Use of the Budget Constraint **146**

Appendix Questions 149

Appendix Key Terms 149

## Chapter 6: Sellers and Incentives **150**

### 6.1 Sellers in a Perfectly Competitive Market **151**

### 6.2 The Seller's Problem **151**

Making the Goods: How Inputs Are Turned into Outputs 152

The Cost of Doing Business: Introducing Cost Curves 153

The Rewards of Doing Business: Introducing Revenue Curves 156

Putting It All Together: Using the Three Components to Do the Best You Can 157

**Choice & Consequence:** Maximizing Total Profit, Not Per-Unit Profit 159

### 6.3 From the Seller's Problem to the Supply Curve **160**

Price Elasticity of Supply 160

Shutdown 161

**Choice & Consequence:** Marginal Decision Makers Ignore Sunk Costs 163

### 6.4 Producer Surplus **163**

### 6.5 From the Short Run to the Long Run **165**

Long-Run Supply Curve 166

<b>Choice &amp; Consequence:</b> Visiting a Car Manufacturing Plant	166
<b>6.6 From the Firm to the Market: Long-Run Competitive Equilibrium</b>	<b>167</b>
Firm Entry	167
Firm Exit	169
Zero Profits in the Long Run	169
Economic Profit Versus Accounting Profit	170
<b>Letting the Data Speak:</b> The Effect of Uber Driver Entry in the Long Run	171
<b>Evidence-Based Economics:</b> How would an ethanol subsidy affect ethanol producers?	172
Summary	175
Key Terms	175
Questions	176
Evidence-Based Economics Problems	177
Problems	177
<b>Appendix: When Firms Have Different Cost Structures</b>	<b>180</b>

## **Chapter 7: Perfect Competition and the Invisible Hand** **182**

<b>7.1 Perfect Competition and Efficiency</b>	<b>183</b>
Social Surplus	184
Pareto Efficiency	186
<b>7.2 Extending the Reach of the Invisible Hand: From the Individual to the Firm</b>	<b>186</b>
<b>7.3 Extending the Reach of the Invisible Hand: Allocation of Resources Across Industries</b>	<b>190</b>
<b>Letting the Data Speak:</b> Adam Smith Visits the White House	193
<b>7.4 Prices Guide the Invisible Hand</b>	<b>193</b>
Deadweight Loss	195
<b>Evidence-Based Economics:</b> Do companies like Uber make use of the invisible hand?	196
The Command Economy	200
<b>Choice &amp; Consequence:</b> FEMA and Walmart After Katrina	201
The Central Planner	202
<b>Choice &amp; Consequence:</b> Command and Control at Kmart	203
<b>7.5 Equity and Efficiency</b>	<b>204</b>
<b>Evidence-Based Economics:</b> Can markets composed of only self-interested people maximize the overall well-being of society?	205
Summary	208
Key Terms	208
Questions	208
Evidence-Based Economics Problems	209
Problems	210

## **Chapter 8: Trade** **212**

<b>8.1 The Production Possibilities Curve</b>	<b>213</b>
Calculating Opportunity Cost	215
<b>8.2 The Basis for Trade: Comparative Advantage</b>	<b>216</b>
Specialization	217
Absolute Advantage	217
<b>Choice &amp; Consequence:</b> An Experiment on Comparative Advantage	218
The Price of the Trade	219
<b>8.3 Trade Between States</b>	<b>220</b>
<b>Choice &amp; Consequence:</b> Should LeBron James Paint His Own House?	221
Economy-Wide PPC	222
Comparative Advantage and Specialization Among States	223
<b>8.4 Trade Between Countries</b>	<b>224</b>
Determinants of Trade Between Countries	226
Exporting Nations: Winners and Losers	227
<b>Letting the Data Speak:</b> Fair Trade Products	227
Importing Nations: Winners and Losers	229
Where Do World Prices Come From?	230
Determinants of a Country's Comparative Advantage	230
<b>8.5 Arguments Against Free Trade</b>	<b>230</b>
National Security Concerns	230
Fear of Globalization	231
Environmental and Resource Concerns	231
Infant Industry Arguments	231
The Effects of Tariffs	232
<b>Choice &amp; Consequence:</b> Tariffs Affect Trade Between Firms	233
<b>Evidence-Based Economics:</b> Will free trade cause you to lose your job?	234
Summary	236
Key Terms	236
Questions	236
Evidence-Based Economics Problems	237
Problems	238

## **Chapter 9: Externalities and Public Goods** **240**

<b>9.1 Externalities</b>	<b>241</b>
A "Broken" Invisible Hand: Negative Externalities	242
A "Broken" Invisible Hand: Positive Externalities	244
Pecuniary Externalities	246
<b>Choice &amp; Consequence:</b> Coronavirus Vaccination: Positive Externalities in Spots You Never Imagined	246

<b>9.2 Private Solutions to Externalities</b>	<b>247</b>	<b>10.2 Regulation</b>	<b>285</b>
Private Solution: Bargaining	247	Direct Regulation	285
The Coase Theorem	248	<b>10.3 Government Failures</b>	<b>288</b>
Private Solution: Doing the Right Thing	249	The Direct Costs of Bureaucracies	289
<b>9.3 Government Solutions to Externalities</b>	<b>250</b>	Corruption	289
Government Regulation: Command-and-Control Policies	250	Underground Economy	289
<b>Evidence-Based Economics:</b> How did the government lower the number of earthquakes in Oklahoma?	251	<b>Choice &amp; Consequence:</b> Can Market Regulation Save Rhinos from Extinction?	290
Government Regulation: Market-Based Approaches	253	<b>10.4 Equity Versus Efficiency</b>	<b>291</b>
Corrective Taxes	253	<b>10.5 Consumer Sovereignty and Paternalism</b>	<b>293</b>
Corrective Subsidies	254	The Debate	293
<b>Letting the Data Speak:</b> How to Value Externalities	255	<b>Evidence-Based Economics:</b> What is the optimal size of government?	294
<b>Letting the Data Speak:</b> Pay as You Throw: Consumers Create Negative Externalities Too!	256	<b>Letting the Data Speak:</b> The Efficiency of Government Versus Privately Run Expeditions	296
<b>9.4 Public Goods</b>	<b>256</b>	<b>Choice &amp; Consequence:</b> Taxation and Innovation	296
Government Provision of Public Goods	258	<i>Summary</i>	297
<b>Choice &amp; Consequence:</b> The Free-Rider's Dilemma	258	<i>Key Terms</i>	297
Private Provision of Public Goods	260	<i>Questions</i>	297
<b>9.5 Common Pool Resource Goods</b>	<b>262</b>	<i>Evidence-Based Economics Problems</i>	298
<b>Choice &amp; Consequence:</b> Tragedy of the Commons	263	<i>Problems</i>	298
<b>Choice &amp; Consequence:</b> The Race to Fish	264	<b>Chapter 11: Markets for Factors of Production</b>	<b>302</b>
<b>Evidence-Based Economics:</b> How can the Queen of England lower her commute time to Wembley Stadium?	265	<b>11.1 The Competitive Labor Market</b>	<b>303</b>
<i>Summary</i>	266	The Demand for Labor	304
<i>Key Terms</i>	267	<b>11.2 The Supply of Labor: Your Labor-Leisure Trade-Off</b>	<b>306</b>
<i>Questions</i>	267	Labor Market Equilibrium: Supply Meets Demand	308
<i>Evidence-Based Economics Problems</i>	267	Labor Demand Shifters	308
<i>Problems</i>	268	<b>Choice &amp; Consequence:</b> Producing Web Sites and Computer Programs	308
<b>Chapter 10: The Government in the Economy: Taxation and Regulation</b>	<b>270</b>	<b>Letting the Data Speak:</b> "Get Your Hot Dogs Here!"	309
<b>10.1 Taxation and Government Spending in the United States</b>	<b>271</b>	Factors That Shift Labor Supply	310
Where Does the Money Come From?	272	<b>Letting the Data Speak:</b> Do Wages Really Go Down If Labor Supply Increases?	311
Why Does the Government Tax and Spend?	274	<b>11.3 Wage Inequality</b>	<b>312</b>
<b>Choice &amp; Consequence:</b> The Government Budget Constraint	275	Differences in Human Capital	312
<b>Letting the Data Speak:</b> Understanding Federal Income Tax Brackets	276	Differences in Compensating Wage Differentials	313
<b>Letting the Data Speak:</b> Reducing Inequality the Scandinavian Way	279	<b>Choice &amp; Consequence:</b> Paying for Worker Training	313
Taxation: Tax Incidence and Deadweight Losses	280	Discrimination in the Job Market	314
<b>Choice &amp; Consequence:</b> The Deadweight Loss Depends on the Tax	283	Changes in Wage Inequality over Time	315
		<b>Choice &amp; Consequence:</b> Compensating Wage Differentials	316
		<b>Letting the Data Speak:</b> Broadband and Inequality	317

<b>11.4 The Market for Other Factors of Production: Physical Capital and Land</b>	<b>318</b>
<b>Letting the Data Speak:</b> The Top 1 Percent Share and Capital Income	319
<b>Evidence-Based Economics:</b> Is there discrimination in the labor market?	321
Summary	322
Key Terms	323
Questions	323
Evidence-Based Economics Problems	323
Problems	324
<b>Appendix: Monopsony in the Labor Market</b>	<b>326</b>

**PART III MARKET STRUCTURE 328**

**Chapter 12: Monopoly 328**

<b>12.1 Introducing a New Market Structure</b>	<b>329</b>
<b>12.2 Sources of Market Power</b>	<b>329</b>
Legal Market Power	330
Natural Market Power	330
Control of Key Resources	331
<b>Choice &amp; Consequence:</b> Barriers to Entry Lurk Everywhere	331
Economies of Scale	332
<b>12.3 The Monopolist's Problem</b>	<b>333</b>
Revenue Curves	334
Price, Marginal Revenue, and Total Revenue	336
<b>12.4 Choosing the Optimal Quantity and Price</b>	<b>337</b>
Producing the Optimal Quantity	337
Setting the Optimal Price	338
How a Monopolist Calculates Profits	339
Does a Monopoly Have a Supply Curve?	340
<b>12.5 The "Broken" Invisible Hand: The Cost of Monopoly</b>	<b>340</b>
<b>12.6 Restoring Efficiency</b>	<b>342</b>
Three Degrees of Price Discrimination	343
<b>Letting the Data Speak:</b> Third-Degree Price Discrimination in Action	345
<b>12.7 Government Policy Toward Monopoly</b>	<b>345</b>
The Microsoft Case	346
Price Regulation	347
<b>Evidence-Based Economics:</b> Can a monopoly ever be good for society?	347
Summary	350
Key Terms	350
Questions	350
Evidence-Based Economics Problems	351
Problems	351

**Chapter 13: Game Theory and Strategic Play 354**

<b>13.1 Simultaneous-Move Games</b>	<b>355</b>
Best Responses and the Prisoners' Dilemma	356
Dominant Strategies and Dominant Strategy Equilibrium	357
Games without Dominant Strategies	357
<b>13.2 Nash Equilibrium</b>	<b>359</b>
Finding a Nash Equilibrium	360
<b>Choice &amp; Consequence:</b> Work or Surf?	361
<b>13.3 Applications of Nash Equilibria</b>	<b>361</b>
Tragedy of the Commons Revisited	362
Zero-Sum Games	362
<b>13.4 How Do People Actually Play Such Games?</b>	<b>364</b>
Game Theory in Penalty Kicks	364
<b>Evidence-Based Economics:</b> Is there value in putting yourself in someone else's shoes?	365
<b>13.5 Extensive-Form Games</b>	<b>367</b>
Backward Induction	368
First-Mover Advantage, Commitment, and Vengeance	369
<b>Evidence-Based Economics:</b> Is there value in putting yourself in someone else's shoes in extensive-form games?	370
<b>Choice &amp; Consequence:</b> There Is More to Life Than Money	373
Summary	374
Key Terms	374
Questions	374
Evidence-Based Economics Problems	375
Problems	375

**Chapter 14: Oligopoly and Monopolistic Competition 378**

<b>14.1 Two More Market Structures</b>	<b>379</b>
<b>14.2 Oligopoly</b>	<b>380</b>
The Oligopolist's Problem	381
Oligopoly Model with Homogeneous Products	381
Doing the Best You Can: How Should You Price to Maximize Profits?	382
Oligopoly Model with Differentiated Products	383
<b>Letting the Data Speak:</b> Airline Price Wars	385
Collusion: Another Way to Keep Prices High	385
<b>Letting the Data Speak:</b> Apple Versus Samsung	386
<b>Letting the Data Speak:</b> To Cheat or Not to Cheat: That Is the Question	388
<b>Choice &amp; Consequence:</b> Collusion in Practice	390

<b>14.3 Monopolistic Competition</b>	<b>390</b>	<b>15.5 Risk Preferences</b>	<b>420</b>
The Monopolistic Competitor's Problem	390	<i>Summary</i>	421
Doing the Best You Can: How a Monopolistic Competitor Maximizes Profits	391	<i>Key Terms</i>	422
<b>Letting the Data Speak:</b> Why Do Some Firms Advertise and Some Don't?	392	<i>Questions</i>	422
How a Monopolistic Competitor Calculates Profits	392	<i>Evidence-Based Economics Problems</i>	422
Long-Run Equilibrium in a Monopolistically Competitive Industry	393	<i>Problems</i>	422
<b>14.4 The "Broken" Invisible Hand</b>	<b>395</b>	<b>Chapter 16: The Economics of Information</b>	<b>424</b>
Regulating Market Power	396	<hr/>	
<b>14.5 Summing Up: Four Market Structures</b>	<b>397</b>	<b>16.1 Asymmetric Information</b>	<b>425</b>
<b>Letting the Podcast Speak:</b> A Surprising Duopoly: Democrats and Republicans	398	Hidden Characteristics: Adverse Selection in the Used Car Market	426
<b>Evidence-Based Economics:</b> How many firms are necessary to make a market competitive?	399	Hidden Characteristics: Adverse Selection in the Health Insurance Market	427
<i>Summary</i>	401	Market Solutions to Adverse Selection: Signaling	428
<i>Key Terms</i>	401	<b>Choice &amp; Consequence:</b> Are You Earning a Signal Right Now?	429
<i>Questions</i>	401	<b>Evidence-Based Economics:</b> Why do new cars lose considerable value the minute they are driven off the lot?	429
<i>Evidence-Based Economics Problems</i>	402	<b>Choice &amp; Consequence:</b> A Tale of a Tail	431
<i>Problems</i>	402	<b>16.2 Hidden Actions: Markets with Moral Hazard</b>	<b>431</b>
<b>PART IV EXTENDING THE MICROECONOMIC TOOLBOX</b>	<b>406</b>	<b>Letting the Data Speak:</b> Moral Hazard on Your Bike	432
<b>Chapter 15: Trade-offs Involving Time and Risk</b>	<b>406</b>	Market Solutions to Moral Hazard in the Labor Market: Efficiency Wages	432
<b>15.1 Modeling Time and Risk</b>	<b>407</b>	<b>Letting the Podcast Speak:</b> Tackling Adverse Selection and Moral Hazard in the Workplace	433
<b>15.2 The Time Value of Money</b>	<b>408</b>	Market Solutions to Moral Hazard in the Insurance Market: "Putting Your Skin in the Game"	434
Future Value and the Compounding of Interest	408	<b>Letting the Data Speak:</b> Designing Incentives for Teachers	434
Borrowing Versus Lending	410	<b>Evidence-Based Economics:</b> Why is private health insurance so expensive?	435
Present Value and Discounting	411	<b>16.3 Government Policy in a World of Asymmetric Information</b>	<b>436</b>
<b>15.3 Time Preferences</b>	<b>413</b>	Government Intervention and Moral Hazard	437
Time Discounting	413	The Equity-Efficiency Trade-off	438
Preference Reversals	414	Crime and Punishment as a Principal-Agent Problem	438
<b>Choice &amp; Consequence:</b> Failing to Anticipate Preference Reversals	415	<b>Letting the Data Speak:</b> Moral Hazard Among Job Seekers	438
<b>Evidence-Based Economics:</b> Do people exhibit a preference for immediate gratification?	415	<i>Summary</i>	439
<b>15.4 Probability and Risk</b>	<b>416</b>	<i>Key Terms</i>	439
Roulette Wheels and Probabilities	416	<i>Questions</i>	439
Independence and the Gambler's Fallacy	417	<i>Evidence-Based Economics Problems</i>	440
<b>Letting the Data Speak:</b> Roulette Wheels and Elections	417	<i>Problems</i>	440
Expected Value	418		
Extended Warranties	419		
<b>Choice &amp; Consequence:</b> Is Gambling Worthwhile?	419		

## Chapter 17: Auctions and Bargaining 442

### 17.1 Auctions 444

Types of Auctions	445
Open Outcry: English Auctions	446

**Letting the Data Speak:** To Snipe or Not to Snipe? 447

Open Outcry: Dutch Auctions	447
Sealed Bid: First-Price Auctions	449
Sealed Bid: Second-Price Auctions	449
The Revenue Equivalence Theorem	451

**Evidence-Based Economics:** How should you bid in an eBay auction? 452

### 17.2 Bargaining 453

What Determines Bargaining Outcomes?	453
Bargaining in Action: The Ultimatum Game	454
Bargaining and the Coase Theorem	456

**Evidence-Based Economics:** Who determines how the household spends its money? 457

**Letting the Data Speak:** Sex Ratios Change Bargaining Power Too 459

Summary	459
Key Terms	459
Questions	460
Evidence-Based Economics Problems	460
Problems	461

## Chapter 18: Social Economics 464

### 18.1 The Economics of Charity and Fairness 465

The Economics of Charity	465
<b>Letting the Data Speak:</b> Do People Donate Less When It's Costlier to Give?	467

<b>Letting the Data Speak:</b> Why Do People Give to Charity?	468
The Economics of Fairness	469

**Letting the Data Speak:** Dictators in the Lab 472

**Evidence-Based Economics:** Do people care about fairness? 472

### 18.2 The Economics of Trust and Revenge 474

The Economics of Trust	474
The Economics of Revenge	476

**Choice & Consequence:** Does Revenge Have an Evolutionary Logic? 477

**Letting the Podcast Speak:** Sorry! I Should Apologize, but How? 478

### 18.3 How Others Influence Our Decisions 478

Where Do Our Preferences Come From?	478
The Economics of Peer Effects	479

**Letting the Data Speak:** Is Economics Bad for You? 479

Following the Crowd: Herding 480

**Letting the Data Speak:** Your Peers Affect Your Waistline 481

**Choice & Consequence:** Are You an Internet Explorer? 482

Summary	483
Key Terms	483
Questions	483
Evidence-Based Economics Problems	484
Problems	484
